[REDACTED] Sweep defense tomorrow in Van Nuys. You have the right to film the city + police. Our unhoused neighbors are asking for our support and solidarity. Join us. Please text [REDACTED] when you arrive.

Pull up for unhoused people. Each sweep costs \$20k that would be better spent on actual services and housing, not violent displacement.

Forcing people to move everything they own every week is not normal. Millions of tax-payer funds are being wasted on this. This shit does not make sense. Why do you need police to take the trash?

People need homes, not special enforcement zones.

We need eyes and monitors.

How about we protest at board members homes and at district offices? Next week

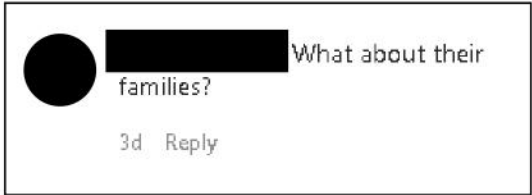

after the 15th you will not be allowed to enter any district property and you won't have a job. That's it! It's over! So turn up the heat! Take days off and go protest at district offices in which board members and directors are actually there. No one cares or even knows there are protest in the middle of downtown on a weekend when all district employees are home. Protesting at a secluded park in downtown doesn't have any effect. I am with you! We are all with you! But next Saturday it's over so let's make some noise and protest during the week !!!

Fall Love Fest has now been rebranded as a "Direct Action" citing First Amendment Rights.

It will not be relocated & will remain in San Pedro.

I will be on the ground covering this Direct Action.

October 15, 2021 at 2:52 PM

## For Immediate Release

Fall Love Protest  
Direct Action Edition

Fall Love Fest is scheduled for Saturday October 16, 2021. Pt. Fermin Park, 807 W. Paseo Del Mar, Los Angeles, CA, 90731. 1pm

This event was pulled by city parks and recreation. Many efforts were made to accommodate, fundraise and comply with their direction. However parks are public and tax payer money funds them so we can enjoy them. Permits are unconstitutional and we will not cancel this event or it's location. This event will go on and we are looking forward to protesting peacefully. We have a 1st amendment right and that is the only permit you will ever actually need. We welcome everyone that wants to join us in taking a stand for our constitutional rights. No hate. No fascist welcome Ex: Antifa. No racism.

As a filmmaker who works full time on Netflix original I think Netflix corporate's retaliation against trans/nb workers standing up to Chapelle is an example of a studio facilitating institutionalized transphobia in the film and tv industry. This is unforgivable.
